

ELECTION ANNOUNCEMENT

1.2.2023

## **APPLICATION PERIOD FOR STUDENT REPRESENTATIVES 2023**

(SECONDARY APPLICATION ROUND)

The Student Union METKA announces the secondary application round for the positions of student representatives of governmental bodies and advisory councils of Metropolia mentioned in The Rules of Procedure of Metropolia University of Applied Sciences. The open positions are for the term began on 1 January 2023. The secondary application round includes those positions that have not been filled for the current term. The applicant may be elected to begin their term immediately.

The election is carried out in accordance with Section 41 of the University of Applied Sciences Act and Metropolia's Rules of Procedure and in compliance with METKA's regulations regarding the election of student representatives.

### **Open positions**

#### ***Advisory Councils of Degree Programmes***

The term of the advisory councils of all degree programs is from 1 January to 31 December 2023. Advisory councils consist of representatives of the degree programme and of working life. The purpose of these councils is to develop the quality of studies and equivalence in working life. The degree may have its own council or a joint one with another degree programme.

## Application Period

The application period is continuous.

METKA hopes that students from different degrees and classes will apply. The positions for student representatives will be filled on the basis of applications.

However, the Board of METKA may declare the application incomplete or applicant unsuitable for the position, in which case the position of student representative will not be filled.

## Eligibility

Students of Metropolia University of Applied Sciences are eligible. The student representative is not required to be a member of the student union. A student representative who has registered absent is also able to act as a student representative.

Eligible to apply for advisory councils are students studying in that degree programme that the council represents. If there is any ambiguity about the degrees belonging to the Advisory Councils, the matter can be clarified by the Head of Degree Programme.

## Submission of applications

Apply to be a student representative by sending an application by email to [advocacy@metkaweb.fi](mailto:advocacy@metkaweb.fi). The application must state the applicant's name, student number, degree program, phone number and e-mail address, which position the applicant is applying for, and whether the applicant is primarily applying for full or alternate membership, if both of these are open.

The application must also include a free-form application text in which the applicant can e.g. introduce themselves, talk about their skills and experience or their motivation for the student representative position in question.

## Selection

METKA's Board elects student representatives to the advisory councils of degree programmes. METKA's Board will make decisions on the student representatives to be elected at its next meetings. During the secondary application round, METKA's Board makes decisions as applications are received. Applicants will have the opportunity to present themselves at the meeting where the selection will be made.
