

# GREETINGS NEW STUDENT!

We head tutors and peer tutors would like to welcome you to study at Metropolia! We are here to support you, especially in the early stages of your studies. You can also feel free to contact us and ask any questions you may have before you start your studies! We are looking forward to the start of the academic year, so that we can get to know all of you new students and get to familiarize you to each others and your new place of study. Congratulations to the new students, see you soon this August!

You will meet your tutors on your first day when they will be waiting for you in the campus lobby. You'll recognise them by their overalls and tutor shirts. Tutors are trained students from your branch and will do their best to help new students. The tutors themselves have also been in the position of a new student and remember well how new everything is and how many questions you might have.

## ORIENTATION DAYS

## YOUR STUDENT UNION METKA

A student union is a statutory association, which operates in a University of Applied Sciences (UAS). Its responsibilities are to support student rights, oversee the students' interests, and to act in favour of the student. In addition to this, METKA organises events, coordinates tutoring and offers sports services for students (MeMove sports and wellness services).

Metropolia University of Applied Sciences is the biggest University of Applied Sciences in Finland and there are over 19 000 students. In order to be able to be everywhere where the student's voice needs to be heard, we are selling memberships to finance our activities. By becoming a member, you support the work done for Metropolia's students and get various benefits too!

As a METKA member, you will gain, for instance, access to sports services and discounted prices for student events organised by METKA and other student unions from the metropolitan area. You can also get Slice's student card, that can get you thousands of benefits!

# STUDENT OVERALLS

Student overalls are overalls that are mainly used at student events. Overalls are usually worn by students in universities of applied sciences and universities. Metropolia has 16 different overalls for students in different fields. Most of the overalls are sold by student associations. Some study groups acquire their overalls themselves at the beginning of semesters. METKA does not sell overalls. Overalls cost 1-50 euros depending on the field of study.

Fabric patches are collected in the overalls to commemorate various events. You can also buy patches. In addition to METKA and student associations, individuals sell patches at student events or online.

The coloring of the overalls and the logo of the educational institution, student union or student association on the back indicate the place of study and the degree program. Among students it is common to exchange the overall leg with your significant other and a sleeve with your friend. Overalls are usually worn tied at the waist.

The overalls have landed in Finland via Sweden. The overalls were first worn by technology students in universities (teekkari) in Finland. Overalls have since spread to university of applied sciences students as well.

Students in the healthcare fields wear dark green overalls. You can buy them from TXO ry.
